Bina Puri Sport & Social Club (KSSBP) organised a 3-day trip to Singapore from 11th to 13th November 2011. There were 125 participants joining the trip which consisted of Bina Puri staff and their family members.

On the first day, they began their journey by bus as early as 5:30am from Bina Puri headquarters in Selangor. Upon arrival in Singapore, they spent their time visiting Esplanade – Theatres on the Bay, which is one of the world's busiest arts centres located at the mouth of the Singapore River. Then, they visited the Merlion Park, a popular tourist attraction where the Merlion is located. The Merlion is a statue of a creature with a lion's head and the body of a fish. Before checking into the hotel, they spent their evening shopping at the China Town.

As usual, ladies like to pose .. fuhh.. fuhhh..

Posing again in front of the entrance of the studio

The second day was the most interesting day where they spent the entire day at the Universal Studios Singapore. There were a total of 24 attractions there with seven uniquely themed zones. The park was just too huge that one day alone was insufficient to cover all the zones.

On the last day, after having their breakfast, they took the bus departing for Kuala Lumpur. They experienced a very entertaining time and Singapore will always be on their mind. A place worth visiting again in the future.
