Bina Puri to operate two power plants in Indonesia

THE BORNEO POST 03 JUN 2011

KUCHING: Main Market listed Bina Puri Holdings Bhd (Bina Puri) has received contracts to operate two units of two megawatts (2MW) power plants in Indonesia through its 80 per cent subsidiary, PT Megapower Makmur.

The contracts entailed Bina Puri to operate one power plant in Toboali, Wilayah Bangka Belitung for three years and one power plant in Pakning, Wilayah Riau dan Kepulauan Riau for one year, it said in a recent press statement.

Over its duration, these contracts would contribute a total of RM6.59 million in rev-

enue.

Bina Puri group managing director Tan Sri Tee Hock Seng said, "This is in line with our strategy to enlarge our earnings base with recurring income to complement our core business which is in construction."

The power plants were expected to be operational by July 2011. With the new power plants, Bina Puri would be operating a total of five units of 2MW power plants in Indonesia.
