## Bina Puri-led consortium bags embassy job

KUALA LUMPUR: A consortium led by Bina Puri Holdings Bhd's wholly owned unit, Bina Puri Sdn Bhd, has been awarded the RM155 million contract to build the Malaysian embassy complex in Moscow.

Managing director Tan Sri Tee Hock Seng said in a statement yesterday the job had been awarded to the Bina Puri-Beringin Waja consortium and is scheduled to be completed within 36 months.

He said the embassy comprises a three-storey chancery block with a modernist approach to complement the neighbourhood as well as a Malaysian identity. It will also contain a multi-purpose hall and the ambassador's residence.
