**B**ina Puri Sdn Bhd, anak syarikat milik penuh Bina Puri Holdings Bhd, dianugerahkan kontrak bernilai RM73 juta oleh Punj Lloyd Sdn Bhd bagi membina pengalas paip dan perkhidmatan bawah tanah di Projek Pembangunan Bersepadu Penapisan Minyak dan Petrokimia (RAPID) di Pengerang, Johor.

Kerja berkenaan akan disiapkan dalam tempoh 18 bulan, dengan skop kerja termasuk membekal semua bahan dan pembinaan perkhidmatan bawah tanah yang terbabit.

Namun, ia tidak terhad kepada paip untuk kumbahan, bekalan air, saluran utama, parit dan semua ciri keselamatan yang lain serta kerja merata dan penggredian untuk tanah terbabit di tapak tangki penapisan.

Ia adalah projek ketiga Bina Puri di RAPID, yang mana dua kontrak lain, masing-masing bernilai RM94.94 juta dan RM230 juta diperoleh tahun lalu.

Pengarah Eksekutif Kumpulan Bina Puri, Mathew Tee, berkata dengan kontrak terbaru itu, nilai projek dalam tangan yang belum dibina kumpulan itu kini bernilai RM1.62 bilion.

#### Sumbangan positif

Katanya, projek itu akan memberi sumbangan positif kepada aset dan pendapatan bersih syarikat bagi tahun kewangan berakhir 31 Disember 2016.

Beliau berkata, pendedahan besar Bina Puri terutama dalam loji petrokimia terbesar negara di Pengerang dikuatkan oleh faktor keupayaan syarikat untuk menyiapkan kerja.

“Sebagai pembina contoh, kami menunjukkan keupayaan untuk melaksanakan apa juga jenis kontrak, sama ada di atas

#### Projek pembinaan

“Bina Puri akan menyaksikan lebih banyak pembabitannya dalam projek pembinaan tahun ini sejajar yang digariskan oleh kerajaan dalam Bajet 2016 dan Rancangan Malaysia Ke-11,” katanya dalam kenyataan di Kuala Lumpur, semalam.

## Bina Puri secures third Rapid contract

KUALA LUMPUR — Bina Puri Sdn Bhd, a wholly-owned subsidiary of Bina Puri Holdings Bhd, has accepted a letter of award from Punj Lloyd Sdn Bhd to construct pipe sleeper and underground services at the Refinery and Petrochemical Integrated Development (Rapid) project site for a contract sum of RM73 million on June 9.

The work is scheduled to be completed within 18 months. The scope of work will be to supply all materials and the construction of underground services including piping for sewage, water supply, manhole, drainage and all other safety

features, and levelling and grading work for above ground at the refinery tank farm.

The two other contracts that were secured in Rapid by Bina Puri last year were the RM94.94 million of civil works at the steam cracker complex within Rapid and a RM230 million contract to construct two main control buildings and four labs.

Bina Puri's strong exposure especially in the country's biggest petrochemical plant in Pengerang is amplified by its ability to successfully deliver its contract obligations.

"As a landmark builder, we have shown our ability to take on any type of contract,

be it above or underground and the complexities of it all.

"Bina Puri will see its involvement in many more construction projects this year outlined by the government in Budget 2016 and the 11th Malaysia Plan," said group executive director Matthew Tee.

With the latest award, the group's unbuilt book order stands at RM1.62 billion to date. The said project is expected to contribute positively to the net assets and earnings of Bina Puri Group this year from the contract income in respect of progress payment received.

Bina Puri has a sizeable number of on-

going projects in Johor that include the RM195-million two blocks of 23-storey office towers in Medini Iskandar, the RM110 million Petrie Villa Residential development and a joint development of 412 units of double-storey terrace houses in Masai, Johor, with a RM204 million contract.

Together with another two projects completed in 2011, namely the RM300 million Polis Diraja Malaysia's Batalion 6 camp complex and the RM293 million Eastern Dispersal Link in Johor Bahru, Bina Puri has an accumulated total gross development of RM1.5 billion in the state.
